IBMer Appreciation

December 03, 2024 - From Yvonne Wangari Wiggan

I'd like to appreciate Jose for always going above and beyond! Jose recently helped me process an OOBT onboarding and it was the fastest, smoothest onboarding I've had. The team requested this item as a priority and Jose delivered exceptionally. He kept in constant communication with the updates and showed real leadership with the approvals requests. Thanks Jose, keep it up!
